April Course & Grounds Report

News from the Golf Shop

Divot Patterns on Driving Range Tee-This picture is provided by the USGA and shows the different divot patterns that occur on the driving range tee. The USGA recommends the linear pattern because divots fill in faster from existing grass on each side and because it allows for more players to hit from the tee before stations need moved. From my point of view the scattered or linear pattern is fine to use since both allow the grass to creep back into the divot a short distance which is the primary way divots recover.

The concentrated pattern is a real problem for a few reasons. In the summer, seeded divots rarely survive and establish due to the high temperatures, so the main way divots recover from July through August is from the bentgrass creeping back into the voids. When using the concentrated method, the distance the grass must creep to fill in the void can be 6 inches from each side where as the other patterns only require the grass to travel one or two inches from each side.

The other problem that occurs using the concentrated pattern is that the tee mowers push the sand out of the void and cutting blades become dull because large pockets of sand are not good support for a reel mower and the rollers push the sand instead of going over the sand as they do when using scattered and linear patterns.

April is the month we kick off the tournament season and get golf in full swing. The Masters is next week and I feel the need to be out on the golf course every day. Our first event will be the Masters Par 3 event on Wednesday, April 7, and our first official Men's Golf Committee Tournament will be the Ice Breaker Scramble on Saturday, April 24. Make sure to sign up in the Golf Shop.

We are excited to announce the 2021 Men's Golf Committee Events Schedule. The Tournament Schedule is posted on the website and is available in the Golf Shop in a hard copy. This year's Committee members are;

- Jeff Mateer - Chairman
- Herb Higginbotham - Treasurer
- Mike Anthony - Handicap Chair & Advisory Committee
- Matt Stepanian - Advisor
- Jeff Gray - Advisor
- John Navage - Advisor
- Larry Milosh - Advisor
- Shawn McCreary - Advisor
- George Juba—Sr. Advisor

We have a new Assistant Pro in the Golf Shop, Mikala Reed. Make sure you introduce yourself to Mikala and give her a grand welcome. She will be a great fit with her customer service and golf career experience for Seven Oaks!

Make sure you get down to the Golf Shop, as Mikala and I are busy stocking the shop with brand new 2021 merchandise and all the latest golf gear, clubs and accessories to look good AND play good.

SEVEN OAKS COUNTRY CLUB
CHRIS JUBA DIRECTOR OF OPERATIONS & MEMBERSHIP

Dear Seven Oaks Members,

What a beautiful March we had! It was some of the best weather I can remember this early in the year. Golf course has been busy, and we even already had members dine on the patio!! We are going to have all the heaters ready to go and if weather permits, we will advertise dining on the Patio. Entertainment will start Friday May 21 and we have a wonderful lineup for the summer with some new and old faces. I am also excited to announce that we can go to 75% capacity and the barstools are able to come back starting April 4! Please continue to make reservations as we anticipate being even busier as we get into April.

The Sycamore Bar renovations are coming along, and we hope to have it finished by the end of the month. If you get a chance feel free to peek in the door by the elevator to get a sneak peek. This will compliment the rest of the Club and will be “the place” to hang out during any upstairs event. I also plan on scheduling some Happy Hours so all our members can experience the new bar!

Membership is BOOMING and I want to thank all our members for their referrals. We are up to 30 new members with many of them being golf members. This is outstanding being this early in the year. I also want to thank Molly for all her efforts gaining all these new members. The recreational category is nearly sold out, so I recommend sending anyone you know our way if they have any interest in becoming a member!

Thank you for all your support and I look forward to a great April!

The **DIRTY** Apron
with **ART MANGIE** EXECUTIVE CHEF

So, you wanted to be a Chef...
A column written by Chef Art to keep you updated
on new and old food trends:

Bottarga Cheese – A traditional delicacy of both Sicily and Sardinia is the salted, pressed, and dried roe pouch of grey sea mullet. Sliced, shaved, or grated mullet bottarga can go well on top of crostini, scrambled eggs, pasta, risotto, and fish stew just as you would do with parmesan cheese. The taste is unique. The flavor of bottarga comes down to several factors including the spices of fish used. Grey mullet roe is often described as savory, rich, funky, briny, salty and fishy.

Soft Shell Crab – This is the culinary term for blue crabs that have recently molted their old exoskeleton and are still soft. Soft shells are removed from the water as soon as they molt to prevent any hardening of their shell. This means that almost the entire animal can be eaten. This type of crab is typically deep fried or sauteed.
