SEVEN OAKS COUNTRY CLUB
DENNIS KAMINSKI GOLF COURSE SUPERINTENDENT

October Course & Grounds Report

The Summer of 2024 has been the most challenging year to grow grass since I have been here. Many days in a row above 90 degrees with high humidity created a perfect environment for fungal diseases to populate. August and September each had 3-week spans with no rain. With no rain we rely on the irrigation system to keep the grass alive until the next rain event. Rainfall is much more accurate than the irrigation system at uniformity of coverage on the golf course but lacks the ability to control how much water is applied.

Our sprinklers have a radius of 60 ft. so when they do a complete circle the diameter is 120 ft. Sprinkler spacing is 60 ft. from head-to-head. So, for instance the sprinklers on 5 fairway are near the edges of the fairway and they shoot water back to the other sprinkler in order to get the same amount of water across that span.

One problem that we encounter when relying on the sprinkler system for extended periods without rain is tree lined rough. Dry rough near trees-using hole 5 as an example-the rough near the trees is totally dried out and dusty. Why don't the sprinklers cover that area? Answer-The sprinklers hit that area with half the coverage that the fairway gets because there is no sprinkler in the deep woods shooting water to the rough along the tree edge. If we watered the rough on 5 to make it green, then the fairway would be too wet on this already wet hole. Competition for water from tree roots is another challenge to keeping and growing rough along tree lines because trees do an amazing job at drying out the root zone for turfgrasses. Also- tree roots extend much further than their tree canopy- look at the bottom left of 6 fairway-you can see a one-half yellow circle area that extends into the fairway. This is from tree roots going 20 ft into the fairway. So just turn that sprinkler on more to adjust for the tree roots- then the other side of the fairway by the cart paths gets too wet.

Sprinklers fail to provide accurate coverage when they:

- * unadjust from their part-circle patterns and overlap other sprinklers more or less than intended.
- * lose a nozzle.
- * leak from faulty pilot valves.
- * do not run due to electrical issues.
- * irrigate sunny dry areas but also hit shady areas (happens a lot in fall due to the sun being lower in the sky).
- * drive gears in sprinklers fail and sprinkler shoots in one spot.
- * sprinkler turns on but does not turn off and soaks area until the pipe leading to sprinkler is valved off.

Each hole has on average 50 sprinklers and with 24 stations that include the GCU, clubhouse, driving range, and pool that is approximately 1,200 sprinklers. As the system ages these plastic sprinklers wear out and each year more parts and maintenance are needed. The system was installed in 2003 so it has been through 21 years of use.

News from the Golf Shop

The Golf Shop still has plenty of good weather, great merchandise, and fantastic golf planned for the month of October. October is absolutely my favorite month to play golf in, even with all the leaves falling. The Golf Shop hours are bumping back a little later in the mornings because of the eventual darkness and frost that will happen this month. We are starting this month a little cool and wet, but hopefully we see mostly dry conditions.

All member's Shop Credit will expire at the end of the year on December 31st! Make sure you stop by the Golf Shop and figure out what to spend it on. This is ordering season, and many companies host close-out sales for styles that they won't carry over into next year. If it's apparel, merchandise, accessories, or golf clubs... I can order them for you. What will look nice in your bag to have next Spring?

We still have a bunch of events to look out for. SWAT games for the weekend days, and the Kid's Halloween party on the Golf course on October 20th!

Gently Used Books Available in the Ladies Locker Room

Ladies-There are some great books available for your reading pleasure inside the Ladies Locker Room!

Feel free to take a book or to leave a book for someone else to enjoy after you are done reading. Please, gently used books only!

Thanks and Happy Reading! Questions: Contact Ellen.

The Beer Belly Open and the Kids' Halloween Party are two very busy events held in October. Be sure to sign up early as these two fill up fast! Both events are held on the golf course and the fall decorations are included in the entry fee.

SEVEN OAKS COUNTRY CLUB
CHRIS JUBA DIRECTOR OF OPERATIONS & MEMBERSHIP

Dear Seven Oaks Members,

It is hard to believe that is already October. The weather is cooling down and the days are getting shorter however I can say this is one of my favorite times of year at the Club. Ellen begins her holiday transformation of the Club from fall and Halloween to that magical time of year when all of the Christmas decorations come out from hiding and bring a different type of life to Seven Oaks.

I will never forget standing in the Golf Shop with Keith and he said, "Just look at that." I said, "What?" He said, "The window. It's a Bob Ross Painting! The most beautiful plethora of leaves on this side of the Mississippi." That statement is very true. The grounds look beautiful and members are getting pictures that will be on their mantle for a lifetime. Those are the little things that make this job worth it.
